

NITTO KOGYO to participate in MAHATech Pune 2025 in India

NITTO KOGYO CORPORATION participate in MAHATech Pune 2025, which will be held from 6th to 9th February 2025 in Pune, Maharashtra, India.

Pune is the second largest city in the state of Maharashtra after Mumbai and is the India's foremost automobile manufacturing hub. MAHATech Pune is a large-scale trade show that is held annually.

NITTO KOGYO showcase the electrical enclosures, our flagship product, whose reliability and quality are appreciated by a number of players in the automotive industry including but not limited to the Japanese companies in India.

NITTO KOGYO GROUP have been and will always be striving to contribute to the safe and secure Future Of the world. We are excited about this new opportunity to present our technology and solutions to India.

We are looking forward to meeting you at MAHATech Pune 2025.
