

NITTO KOGYO to participate in SECUTECH TAIWAN 2025

NITTO KOGYO CORPORATION participate in SECUTECH TAIWAN 2025, which will be held from 7th to 9th May 2025 in Taipei City, Taiwan.

SECUTECH TAIWAN is Asia's largest international exhibition on advanced security and safety.

NITTO KOGYO showcases "Spark Discharge Detection Device," which detects spark discharges using proprietary technology and contributes to the prevention of electrical fires, under the key concept of "Ensure safety of electricity".

The vision of NITTO KOGYO GROUP is to always strive to find solutions to problems with sincerity and keep taking on new challenges to bring new values. We are excited about the opportunity to present our unique solution to Taiwan and neighboring countries, where disaster awareness is on the rise.

We are looking forward to meeting you at SECUTECH TAIWAN 2025.
